

CIICA CONVERSATION: TRAVELLING WITH MY CI

What's your experience travelling with your implant – at home and abroad?

Have you any advice for people travelling with CI?

Join us to share with others what specific steps can we take to create accessible and inclusive society?

The CIICA CONVERSATION provides a safe place to share your thoughts and experiences with others in a small group of young adult CI users from around the world.

Places are strictly limited, with no space for spectators! Our CIICA Conversations have small groups and last one hour. Live captioning will be provided in English and other languages by request.
