

# CIICA CONVERSATION PARENTS' GROUPS CHANGING MINDSETS: HOW DO YOU DO IT?

World Hearing Day 2024 is about Changing Mindsets. How do you change mindsets about deafness in the family and about CI? How does your group do it? Are you successful?

Join us to share your successes – and your problems! Be inspired by others.

There will only be 20 in the group to allow for conversation and it will last an hour, with captioning in English and other languages by request. Do join us to share your experiences, wherever you live, and hear about others

[Register here](#) and have your say!
