

Our goal is to increase the number of people globally who have access to cochlear implants and lifelong support by:

Coordinating a global network of CI advocacy groups, with opportunities to share activities and resources and collaborate to strengthen the user and family voice.

Providing CI advocates with the tools for change they need to increase access to CI services.

Raising awareness of the impact of hearing loss and of cochlear implants.

CIICA is represented in 76 countries, with over 700 individual and 130 organisation members

2025

Over 100 delegates from 36 countries attended our second global CI Advocacy conference in Brussels

New resources include:
Young Adults with CI Agenda For Change;
Ten Top Advocacy Tips; Considering CI: The 20 Questions To Ask; Investing In Hearing loss Improves Lives & Is Cost-Effective; Gene Therapy Information
